## Règles

① Le kakuro est un jeu japonais qui reprend le principe des mots-croisés mais avec des chiffres. Vous devez remplir les cases de chiffres afin que la somme de ceux-ci corresponde au nombre inscrit au début de la ligne ou de la colonne.

② Les sommes s'effectuent de haut en bas et de gauche à droite,

③ Exemples :  $16 = 7 + 5 + 4$   
 $17 = 7 + 4 + 2 + 3 + 1$
