

Où vivent les animaux de la forêt ?

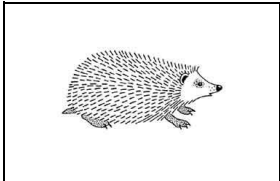

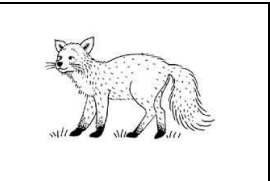

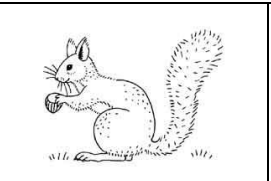

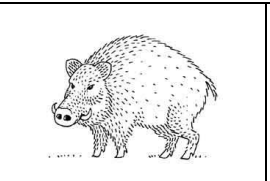

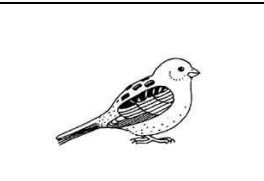

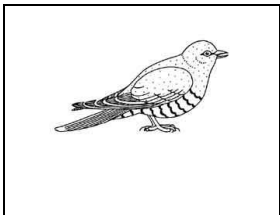

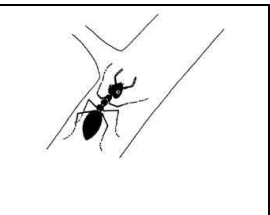

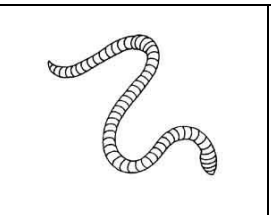

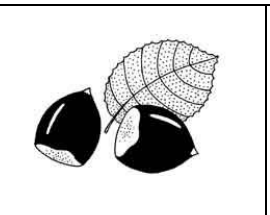

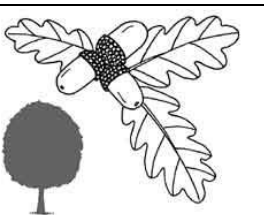

❶ Reconnais les animaux de la forêt et écris le numéro qui correspond.

<input type="radio"/> une taupe <input type="radio"/> un hibou <input type="radio"/> un escargot <input type="radio"/> un sanglier <input type="radio"/> une pie <input type="radio"/> un écureuil <input type="radio"/> un hérisson <input type="radio"/> un ver de terre <input type="radio"/> un lapin			
			
			

❷ Complète le tableau en écrivant les noms des animaux.

Ils vivent dans les arbres	Ils vivent dans le sol	Ils vivent sur la terre

❸ Qui mange qui ? Qui mange quoi ? Tu relies.

questionner le monde ... questionner le monde ... questionner le monde ... questionner le monde ... questionner le monde ...

Trace écrite

Les animaux présents dans le milieu naturel qu'est la forêt occupent tous les étages de la maison nature ; le sous-sol, le sol, les arbres.
